

## NURSE REINVESTMENT ACT

In response to the national nursing shortage, the Nurse Reinvestment Act of 2002 was signed into law in August 2002. The Act amends Title VIII of the Public Health Service Act: Nursing Workforce Development (the primary authorization of existing Federal nursing programs) and authorizes new programs to increase the number of qualified nurses and the quality of nursing services in the U.S. Funding to implement the new programs was appropriated by Congress in February 2003.

Grant application materials are now available for the NURSE FACULTY LOAN PROGRAM authorized under Title VIII, Section 846A as amended by the Nurse Reinvestment Act of 2002.
